FROM: David C. Taylor
2179 Lake Village Dr.
Kingwood, Texas 77339
United States of America

Thank you for the QSO! Please check out my website and follow me on Facebook and Twitter.
All my information is at *QRZ.com*!

Station Information: My base station is a Yaesu FT-991 with an Ameritron ALS-1306 1.2kW MOSFET Amplifier for 160-6 meters. I am HOA challenged for antennas so I run a Comet CH250B multiband vertical, a 6m Double Bazooka and sometimes I can throw up other monoband dipoles.

My Information: I am a computer programmer and database designer by trade. I like to work digital modes and phone. I have an interest in DX, contesting, antenna design and fabrication, and emergency communications. I am a member of the *ARRL*, *ARES*, the *Oak Forest Amateur Radio Club*, and the *Texas Emergency Amateur Communicators*.

Thank you for the QSO and best wishes!

~David
